**COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE**

Dear Sir:

In response to the Reasons for Allowance provided in the Notice of Allowance mailed October 19, 2007 (hereinafter "Allowance"), Applicant respectfully submits the following comments.

**Comments** begin on page 2 of this paper.

## **REMARKS**

In the above-identified Allowance, the Examiner noted that the prior art references do not teach “monitoring for a display operation that impacts the first display screen area, the display operation attempting to alter the first pixel values; upon completion of the display operation, copying and saving fourth pixel values corresponding to the first display screen area, the fourth pixel values corresponding to the altered first pixel values.” Thus, the Examiner concluded that the claims were in condition for allowance.

In response, Applicant thanks the Examiner for the allowance, but notes that the claims may be allowable for reasons other than those indicated by the Examiner.

Entry of the foregoing is respectfully requested. Please charge any shortages and credit any overages to Deposit Account No. 500393.

Respectfully submitted,  
SCHWABE, WILLIAMSON & WYATT
